About Us Vision & Mission

Who We Are

We're Janki Infotech – a young, creative, and skilled team that came together just a year ago with one simple goal:

"To make businesses shine online."

We work from Bihar, Jharkhand, Mathura, and Gorakhpur, combining fresh ideas with proven strategies to deliver real results.

Our Vision

To be the most trusted creative partner for businesses who want to grow digitally and leave a lasting impression.

Our Mission

To make digital marketing simple, creative, and result-driven

To create websites that are beautiful, functional, and business-ready

To treat every client's business like our own, ensuring personal attention and top-notch delivery
